Dear Ms. Lockhart,

I am writing in response to the request for expressions of support for your Private Members Motion, M-39. As proposed, this initiative would lead to a better understanding of demographic change in New Brunswick and Atlantic Canada, and a more thorough exploration of the actions that should be taken to mitigate its negative impact on the region.

As you will know from your experience at the University of New Brunswick, UNB is committed to being a welcoming and supportive community. We would welcome the opportunity to engage newcomers as students, and participate in a larger effort to grow our population, create new opportunities for our communities, and develop our New Brunswick workforce.

Thank you for reaching out to UNB, we are happy to support your motion. If you have any questions, please do not hesitate to contact me at president@unb.ca.

Yours sincerely,

H.E.A. (Eddy) Campbell
President and Vice-Chancellor
